Pharos University

Faculty of Dentistry

Faculty of Dentistry, Pharos University in Alexandria

Quality Unit Mission:

The quality assurance unit seeks to spread the concept of quality and to evaluate the performance in all elements of the educational system as well as the research and service activities provided by the faculty according to the standards of the National Authority for Quality Assurance of Education and Accreditation. It also aims to adopt the process of continuous improvement for both the institutional and academic performances in order to raise the level of competence and competitiveness of its graduates and gain the confidence and satisfaction of the beneficiaries.
